

GKB Diplomat™ D3822 IP Camera

Self-Networking 1.3 Megapixel IP Camera

GKB Diplomat™ D3822 is a professional 1.3 Megapixel IP camera which covers wider range and provides much clearer images than traditional analog cameras.

It is also the world's first High Definition network camera to feature automated self-networking for fast network set-up and installation.

Features:

- **1.3 Megapixel CMOS Sensor**

GKB Diplomat™ D3822 is a professional 1.3 Megapixel IP Camera and provides SXGA resolution. One GKB Diplomat™ D3822 covers the resolution over 4 times of D1 resolution analog cameras.

- **H.264 Video Compression**

GKB Diplomat™ D3822 features H.264 video compression for superior video resolution. The low bit-rate of H.264 codec makes for smoother video streaming, even under the most unfavorable of network environments.

- **Digital Zoom Function**

GKB Diplomat™ D3822 features 1.3 Megapixel high resolution. Bundled GKB Envoy™ software which provides Digital Zoom Function, users are able to see clear live view image in all surveillance area by using few cameras.

- **Automated Self-Networking**

GKB Diplomat™ D3822 is a self-networking IP camera that eliminates the need for complicated and time-consuming router configuration. Bundled GKB Envoy™ software reduces network set-up to less than 30 seconds.

- **Cloud Platform**

Cloud platform framework brings IP solution to a new level. The IP cameras are managed by account and password. The live image and playback can display anytime anywhere via the IE browser, without any extra software installed.

- **Micro-SD Card Storage**

GKB Diplomat™ D3822 is equipped with a Micro-SD card slot. The video is recorded locally in the Micro-SD card, and can be retrieved easily remotely by IE browser without taking out the Micro-SD card.
