

GKB HD914 Angle Bracket

Durable and Light Aluminum Angle Bracket for Outdoor Application

GKB HD914 is a durable, lightweight angle bracket designed for mounting standard camera housing and bullet cameras to exterior walls. The GKB HD914 supports up to 10 kg of weight and provides a 360° swivel that enables greater flexibility in outdoor mounting. The mounting bracket features a die-cast screw hole that eliminates unnecessary and time-consuming drilling.

Features:

- Weight Capacity – 10 kg
- Tilt Angle – 90°
- Swivel Angle – 360°
- Die-cast screw hole
